Montgomery County Commissioners
Silver Spring, Md.

Gentlemen:

This association at our regular meeting last night adopted a resolution requesting the County Commissioners to take over trash and garbage collections for the Silver Spring area. This situation is becoming acute, and with the advent of spring it will be a serious menace to the health of this community. We are aware of the fact that you have contacted the existing private company handling these collections in this area. However, the service of this private company is most inadequate. We urge your careful and favorable consideration of this request.

Pursuant to the above mentioned meeting, this association invites your attention to the condition of the streets at the following locations and requests that action be taken to alleviate those conditions:-

- bank at the end of Dartmouth;
- drainage at the end of Dartmouth;
- drainage in the intersection at Wayne Avenue and Dale;
- drainage in the intersection at Schuyler and Windsor

These conditions are aggravated during and after heavy rains. Continued failure to remedy these conditions will cause damage, and it is important that the situation be remedied without undue delay.

Also, your attention is invited to the unsightly condition of the lot at Schuyler and Dale, on the south side of Dale. We hope that steps will be taken to clean the lot.

Respectfully,
Libbey L. Sussan
(Mrs.) Libbey L. Sussan,
Secretary.
