Contractors had difficulty in the early stages of the construction, particularly in moving the utility lines such as the gas lines. WSSC has been completed. Waki thanked the audience for their patience. The entire project is scheduled to end by the holidays.

There had been complaints about the working hours on the project and Omar, the contractor said they would try and notify the Parkhills list if this occurs.

The audience asked questions about parking.

ParkHills will try and submit a comment from the association and welcomes individual submissions to be attached to it.
